Happy Easter to you all.

Horsewatch schemes have developed to help and advise horse owners about crime prevention but prevention goes beyond matters concerning crime. In the last two weeks in different parts of the country there have been two incidents where stables have caught fire. The result has been death of horses and serious fire damage to other property. In both cases an electrical fault appears to be the cause.

In the current economic climate the last thing many people want is extra expense, however for peace of mind it would seem sensible for those of you who have old premises and perhaps electrical wiring to match to have it professionally examined. As always, once an occurrence has happened it is often too late to rectify the cause.

Apart from a qualified electrician to examine the wiring consider contacting your Fire and Rescue Service and invite them to inspect your premises. Their advice may save lives and property.

The below website was forwarded by Sussex Horsewatch and should be read by all who want to download a risk assesment from the government for stables and animal premises. The file is too large to attach, so you will have to visit the site to get a copy if you wish. It is free to down load.

Farm Watch update 25 March 2010

Scam details

A farm in Shipton Gorge in Bridport has received a telephone call from a male purporting to be from the Council saying he was in credit (past similar reports have said for his council tax) and asking for his bank details in order to pay in the credit.

I believe this is part of a scam which has also been reported by many home watch members throughout West Dorset and North Dorset for that council area.

Please be very aware. It has been going on for some time now.

And now for some crime information

- Anderson a 2-wheel 8 x 4 Wessex trailers well secured to another was stolen from a driveway this afternoon.
- A member in Friar Waddon Weymouth reported 4 suspicious males in a silver or blue Fiesta/Saxo type vehicle who drove onto the farm yesterday afternoon part registration Y92 FC?. We can find no local matches. For observations.
- Similar report from Beaminster sus vehicle seen several times entering driveway where a lot of tools and building materials are on site. One of the builders on site thought he saw the vehicle in a field nearby recently with pig

carcasses onboard.

Reddish Reliant Robin Van registration A391 TYB which there is no trace so look for similar number. Can't be many of these about! incident 158 dated 25 March to eliminate from our enquiries.

- Theft of scrap metal by 3 males in a white Transit BN02 HHG yesterday morning Childhay Beaminster. This is a Devon registered vehicle. Incident 177 dated 24 March refers. I believe they stole a pig feeding machine from outside a barn.
- Break to farm building in Nottingham Weymouth on Monday but not reported. Not sure if anything stolen as yet.
- Chelbourne Dorchester break to workshop, rear window smashed. Not sure what stolen yet although chain saws and trimmers are missing discovered 24 March.

Farm Watch Update 24 March 2010

- Tarrant Hinton afternoon of 18 March believe farm buildings were entered but it is not believed anything was stolen. Tyre tracks indicated that a small wheel base vehicle similar to a Fourtrack or Suzuki jeep type vehicle may have been at the scene. Corrugated iron had been peeled back but not enough for entry to be gained. Building contains diesel and tools.
- May or may not be connected but a theft of a trailer from a field in Newtown Lane Corfe Mullen was reported on 20 March. about 1730 hrs. A neighbour believed he saw the trailer being towed by a dark red (maroon) 4 x 4 but no details as to possible make or model. It sounds like it was an old trailer used to carry hay around the field.
- Cranborne 3 rolls wire netting discovered stolen this morning. 4 x 4 tyre tracks at scene.
- Break to agricultural outbuildings in Ashley Heath, Horton Road. The building appeared secure and no alarm activated but tools are missing from within. Discovered on 19th but could have occurred anytime over the previous month.
- Milton Road Milborne St Andrew 2 inflatable motor boats on trailers stolen from a farm yard one believed taken evening of 19th the other evening of 20th. Both trailers have wheel clamps.
- Milton Abbas guinea fowl stolen from secure pen 10/20 March.
- Theft from barn in Piddlehinton discovered 19th March. Chainsaw and portable power hose stolen. It is possible that a walk in theft occurred day time of 16th when the barn was insecure.
- Outbuildings broken into in Hooke Beaminster 21/22. Padlock cropped to stable block although it does not appear that anything has been stolen.
- Yetminster Sherborne theft from barn. Most odd. Wheelie bin and lead rope stolen from livery yard! Lead rope unclipped from head collar. There have been other thefts from farms in this area
- Message for Horse Watch in the Corfe Mullen area. A farmer is appealing to riders to please keep to the bridle path on the private lane leading from the triangle at Broadmoor Road up to Knoll Farm Christian Mission and Castle

If you know of its whereabouts or see it being driven please call 0300 333 3000 quoting incident number 65-S-220310.

Any 4x4 vehicle is at risk of being stolen so please don't leave them with keys on the side of the road or in your yard. There has been a recent increase in theft of Diahatsu Fourtraks and Izusu Troopers. There have also been diesel thefts from commercial and smaller residential premises. I know its difficult to lock everything up but if you make life slightly harder for the thieves they will give in and move on somewhere else.

Rural Watch Message 31/03/2010

Dear all, please be aware of a couple of suspicious vehicles in our area. The first has been seen locally in and around Broadway and could be linked to thefts of scrap. The occupants are cheeky and will enter your premises uninvited. It is a red dropside van index N719HVL.

The other one is a white Mercedes index P579RGB. This one was seen taking an interest in a quad bike which was re fuelling at a local garage. The occupants of the van then followed the quad home.

Some good news stories.
